### **WEST AFRICA MEDICINES REGULATION HARMONIZATION (WA-MRH) INITIATIVE**

#### **CALL FOR EXPRESSION OF INTEREST (EOI) FOR REGIONAL JOINT MEDICAL PRODUCTS EVALUATION FOR REPRODUCTIVE HEALTH COMMODITIES**

#### **INTRODUCTION**

The West Africa Medicines Regulation Harmonization (WA-MRH) Project has agreed a single process for regional medical product evaluation to enable the registration of medicinal products in the 15 ECOWAS Member States.

This call is an invitation to manufacturers of reproductive health medicines to submit Expressions of Interest (EOI) for the Regional Joint Medical Products evaluation for registration under this project.

The invitation is published in accordance with the document titled "*WA-MRH Regional Joint Medical Product Evaluation Procedure for pharmaceutical product dossier*", which is dated July 2019 and is available on WAHO Website ([www.wahooas.org](http://www.wahooas.org)) under the section "WAHO Programs and Projects", sub-section "WA-MRH Project".

Assessment of product(s) submitted under this invitation will include evaluation of:

- a covering letter, expressing interest and confirming that the information submitted in the product dossier is complete and correct;
- product dossiers, which must include product data and information as specified in the guidelines for submission;
- each manufacturing site listed in the product dossier, must adhere to good manufacturing practices (GMP) in the required format specified in the ECOWAS Common Technical Guidance Documents for submitting a site master file;
- product samples, which must adhere to the requisite specifications.

If an evaluation demonstrates that the above four criteria meet the harmonized ECOWAS Common Technical Document (CTD) standards, it would be eligible for inclusion in the products register of each NMRA in all 15 ECOWAS Member States. Such an inclusion would be effected in a Member State on payment of the applicable registration fee by the Manufacturer to the NMRA of that Member State, but this eligibility for inclusion will lapse after two (2) years from the date of issuance of regional recommendation.
